

THE EMPRESS

VOLUME IV, NO 11

EMPRESS, ALTA. THURSDAY, AUG. 17th, 1916

Price, \$1.50 Per Year

Canadian Tobacco Fund

The British War Office has just given official recognition to the work of the Overseas Club, which since the commencement of the war, has presented the Government with 72 war aeroplanes and bi-planes costing from \$7,500 to \$11,500 each. The money for these machines, which has been placed at the disposal of the Royal Flying Corps, has all been raised through the instrumentality of members of the Overseas Club; and several of the machines have been subscribed for and donated in Canada.

We have just received from Francis R. Jones, the Organizing Secretary in Canada, whose office is in the Windsor Hotel at Montreal, copies of the above mentioned official recognition which has been granted to the Club, as follows:

"Office of the Director-General of Voluntary Organizations.

Scotland House, New Scotland Yard, S.W., 30th June, 1916.

"Dear Mr. Wrench—May I thank you again for the great work which the Overseas Club is carrying out, and which is conferring such well appreciated benefits on our troops. As the director-general of Voluntary Organizations, I am able to appreciate even more clearly than others the very satisfactory results of your patriotic labors.

"Wishing your organization the continued success which it so well merits,

"Believe me, yours sincerely,
(Sgd.) "E. M. WARD,

"Evelyn Wrench, Esq.
The Overseas Club,
Alldwych, W.C."

Certificate of Official Recognition Granted by the War Office to Local Branches of Voluntary Organizations.

"This is to certify that the Overseas Club, local branch in the City Association of Westminster, having complied with the requirements of its City Association, has been registered in their records, and is entitled from this date to all the privileges of Official War Office Recognition, *l.e.* may make full use of the words, "Approved by the War Office" in connection

with its work.
"By order of the Army Council,
(Sgd.) E. M. WARD,
Director General of Voluntary
Organizations.
June 16th, 1916."

The work especially referred to is the raising of upwards of \$750,000 in all parts of the world to provide tobacco for the British troops from overseas. The largest contributions towards this fund have come from Canada, where up to the end of June \$181,000 have been contributed. All of this money has been devoted to supplying tobacco for the Canadian troops and the popularity and usefulness of "Canada's Tobacco Fund," by which name the operations of the Overseas Club are known throughout Canada, is growing all the time, but Canada now has over 100,000 men at the front fighting the Empire's battles, and they need all smoke. To them tobacco is a necessity, not a luxury. They look to the generosity of the Canadian public to provide the cigarettes and tobacco which they cannot obtain for themselves, and our readers are invited to help. Money for "Canada's Tobacco Fund," organized by the Overseas Club, may be paid into any bank in Canada.

We have received a subscription from the Herald, Oldham, for the Tobacco Fund for Canadian Soldiers at the front. All wishing to subscribe may do so at the "Express" office. Amount of donations and names will be published in the "Express" and also the "Herald."

North of Estuary

Mrs. A. C. Stevens entertained the Missionary Society on Aug. 9th. There were eleven members present. A fine talk by one of the members on her work as Deaconess was well enjoyed by all. After the meeting was over refreshments were served by the hostess.

Last Sunday a congregation of 21 gathered at the home of Mr. and Mrs. A. H. Stevens, to commence a Sunday School.

Moors, Rivers and Rivers conducted the Sunday School. The next gathering will be at the home of Mr. and Mrs. S. M. Whinney.

Dr. Robertson vs. The Village and School District of Empress

VILLAGE WON CASE; SCHOOL DIST. CT LOST

Below are copies of judgments given by Justice Green in the District Court of Med Hat in the matter of the appeal by Dr. Wm. Robertson against the assessments of lots in Plan No. 3369-AB by the Village and the School District of Empress IN THE DISTRICT COURT JUDICIAL DISTRICT OF MEDICINE HAT.

IN THE MATTER OF AN APPEAL FROM THE COURT OF REVISION OF THE VILLAGE OF EMPRESS, BETWEEN:

William Robertson, Appellant and The Village of Empress, Respondent.

This is an appeal from the decision of the Court of Revision of the Village of Empress for the year 1916 of the following property situated in Block 8, 10, 24 and 32, and Lots 1-48, both inclusive, in Blocks 8, 16, 24 and 32, and Lots 1-48, both inclusive, in Blocks 2, 4, 6, 10, 12, 14, 18, 22, 26, 28 and 30, all as shown on Registered Plan No. 2369-AB.

Sub-section 2, of Section 83, of the Village Act, provides that the assessment of land for taxation shall, nevertheless, not be varied on appeal if the value at which such land is assessed bears a fair and just relation to what other lands in the same area are assessed.

The lots in odd-numbered blocks in this sub-division have been assessed at practically the same values as the lots in the subject land, and are in the immediate vicinity thereof. The appeal therefore, must be dismissed and without costs to the appellant.

Geo. W. Green, J.D.C.

10th August, 1916.

IN THE DISTRICT COURT JUDICIAL DISTRICT OF MEDICINE HAT.

IN THE MATTER OF AN APPEAL FROM THE COURT OF REVISION OF THE SCHOOL DISTRICT OF EMPRESS, IN THE PROVINCE OF ALBERTA,

William Robertson, Appellant and The School District of Empress, School District No. 3145 in the Province of Alberta, Respondent.

This is an appeal from the decision of the Court of Revision of the School District against the assessment for the year 1916 of the following property situated in Block 8, 10, 24 and 32, and Lots 1-48, both inclusive, in Blocks 2, 4, 6, 10, 12, 14, 18, 20, 22, 26, 28 and 30, all as shown on Registered Plan No. 2369-AB.

These lots are assessed at prices varying from \$40.00 to \$145.00 each. "Under the School Assessment Ordinance land is required to be assessed at its actual cash value, it would be as appraised as a just debt by a solvent debtor." The evidence submitted shows the value to be assessed to be \$100.00 per acre. This would be equivalent to about \$10.00 per lot. I allow the appeal and direct the assessment of the lots to be reduced to the sum of \$10.00 per lot. These will be sent to the parties.

Geo. W. Green, J.D.C.

10th August 1916.

(The quotation marks have been inserted by us for the benefit of the reader, the clause on which the case for the Village was upheld, and the clause whereby the case for the School District was lost.—Ed.)

Under a new Provincial Act—
in force April 19, 1916—Dr. Robertson has applied to the Board of Utility Commissioners and has been successful in having the plan of his subdivision cancelled. This land will be registered by the here until re-registered as a subdivision.

Serbian Relief Fund

Following is a further list of contributions to the Serbian Relief Fund which has been submitted to us from the Canadian Branch.

Promised acknowledged \$266.25

Brown Bros., Penhold 25.00

Donations may be sent to the Secretary, Rev. Cox Clark, 509 18th Ave, West, or to the President, J. S. Dennis, Dept. of Natural Resources, P. R., Calgary.

Those who failed to take in the Sunday School Picnic missed a big treat.

The dance last Thursday night was a real old fashioned turn-out although it was late before the fun started. It's speed and merriment increased with the time. Everybody enjoyed themselves immensely, and the committee and orchestra deserve great credit.

The celebrations are all off now until the harvesting is finished. Everybody has his goat off now.

Martin Szekely is a happy man these days. The painted finished his house last week and Martin completed a good job by having Engelbrecht write out an insurance policy covering the building and its contents.

The people of Parsonage will be sorry to hear that our friend Captain W. J. Mair is on the missing list.

Through the increased business activities of the local store and yard, Mr. Stearns has been compelled to take one of the stores from the Impresario branch.

Buffalo has lost one of its jewels in the person of Mr. Romeo, who is operating the agency at Cheyenne, and who met with an accident and died at Cheyenne while on his way to the Bassano hospital.

If we listen to all the talk we are not sure believe there is no 500,000 in Canada.

Song, Master Willie Webster

Hyde, God be with you till we meet again.

Mr. L. P. Baptist then closed the entertainment by offering up a prayer.

Although all the artists with whom we engaged, did with great enthusiasm and energy made of Mr. Webster and Miss Dart. The former is a生歌 singer and witty humorist.

If we listen to all the talk we are not sure believe there is no 500,000 in Canada.

Song, Master Willie Webster

R. M. of Royal Canadian No. 251

A meeting of the Council of R. M. of Royal Canadian, No. 251, was held on August 2nd, all members present except Brown.

Minutes of previous meeting read and adopted on motion of Henry.

Correspondence read and disposed of.

Geo. Reinhardt, purchase of land for dugouts, Bailey, accepted.

G. Kertopf, asking for check for stoning, Dorman, that ar-

rears be taken and balance sent; G. Zwick, road work div. 6, Shoffer, that he be paid one days pay.

Bill of postage and telegrams, Henry, paid.

Bylaw amendment, re use of water in dugouts. Read second time, motion of Henry.

Elma School re cancelling school estimates. Henry, that it be received.

Shoffer, that the rates as set by the school assessment stand, except Elma.

Finance Committee reported and suggested at a later date to be drawn down by the Council and sent to the Government, favoring the drawing of cheques for school purposes through the Municipal Sec. Treas.

A letter from Fire Commissioners appointing the Secy, as Ass't Comm. Henry, filed.

Highway Comm. re road division, Bailey, filed.

K. U. M. Hospital, bills for \$241 for June and July, Bailey, paid.

D. M. of Mun. Affairs re Tax Arrears, Henry, filed.

Secy, of Snipe Lake Mun. re Surtax, asking for a representative to be sent to a convention to be held at Eston. Reeve, that secy, inform him of our views.

Moved Bailey, lunch.

On resuming, moved Bailey, that a bill for road work div. 4, be applied to taxes and balance paid.

Shoffer, that road work as shown in the minutes of May 3rd as starting from the SE 2-25-25, be made to read SW 2-25-25.

Bailey, that third reading of Bylaw amendment be now read.

A petition, signed by 30 ratepayers, asking the Council's intervention in the diversion of the road leading to ferry. Moved Bailey, that the Secy, write Hon. W. R. Motherwell and the Highway Comm. re same and

the Councillor for Div. 1 be instructed to make arrangements for the purchase of the right-of-way.

A letter was read from Sun Life recommending the discharge of the land as used for right-of-way through A. E. Pantom. Moved Dorman, that Secy, get legal advice when drawing up said discharge.

Moved Dorman, that the Municipal Buildings be painted; that tenders be called for same, and that it be left in the hands of Coun. Henry to let said contract.

Moved Punt, that a vote be taken on Bill in Insurance at our next annual election of officers, and that the first reading be now given.

Shoffer, that Councillor Brown make inquiries into and collect, if possible, outstanding bills due by Messrs. Patterson & Smith.

Bailey, that Mun. Buildings be insured for three years at a value of \$400.

Dorman, that the Secy, be empowered to sell Grave Plots.

H. Mossman, bill for wood inspecting \$4114. Moved Henry, that it be paid after deducting taxes.

Bailey, that the next meeting be Oct. 4th unless notified by Secretary.

Chas. E. Craig, sec.-treas.

R. M. of Manitou, No. 262

The Council met as a Court of Revision at Patrick Sheat's, 13-20-29, w3, on August 13, from 10 a.m. to 12, with Rev. Ardell and Councillor McCuller, Kinch, McWhinney, Batt, Barnett and Leach present.

Rev. Ardell, that owing to absence of the Secy-treas., Councillor Leach be hereby appointed to act as secretary present.

Carried.

The decisions of the Court of Revision were as follows:

(1) But, that the appeal against assessment No. 670 be sustained and the valuation reduced to \$1500. Carried.

(2) McCuller, that appeal

against assessment No. 1387 be sustained. Carried.

(3) McCuller, that appeal against assessment No. 1456 be sustained and the acreage reduced from 160 to 90 1-8 acres if upon investigation the Secretary-Treasurer find said acreage to be the amount designated by filing papers. Carried.

(4) McCuller, that appeal against assessment No. 1482 be investigated by secy-treas. and if acreage be found as stated on appeal, that reduction from 160 acres to 48 acres be made. Carried.

(5) Kinch, that assessments Nos. 177, 178 and 180 be sustained. Carried.

(6) McWhinney, that appeal against assessment No. 337 be sustained, and valuation reduced to \$1500. Carried.

(7) McCuller, that appeal against assessment No. 1570 be sustained and the valuation reduced to \$1800. Carried.

(8) McWhinney, that assessment No. 1241 be sustained. Carried.

(9) McCuller, that assessment No. 1515 be sustained and that pre-emption be changed from NW 10-27-28 to SE 10-27-28.

(10) Leach, that assessment No. 1000 be sustained. Carried.

(11) McWhinney, that assessment No. 389 and 388 be sustained. Carried.

(12) Leach, that appeal against assessment No. 1163 be sustained and the valuation reduced to \$1500. Carried.

Echo of Waterloo

Grandson of "Marshal Forward"
Bleeker No Friend of Prussia.

Prince Oberst, grandson of the first famous Prince Bleeker of Waterloo fame, died this morning as a result of a fall from his horse near Berlin.

The grandson of old "Marshal Forward" has had a checkered life. For many years prior to the outbreak of the war he lived in England, and in 1914 he joined the British army and declared he had forfeited his seat in that body.

Prince Bleeker carried on a legal warfare with the city of Berlin over taxation and similar matters, for the great cost of his life he was compelled to lease his place at Brandenburg at a high rent, and the city was compelled to give him what it considered a desecration.

Like his father before him he also occupied a good deal of the Prince's time. His eldest son held a high military rank and was killed in action lost at the beginning of the war. He willed his father for a yearly allowance of \$1,000,000, and the Prince was ordered by the court to pay half that sum up to January 1 and 15,000 years thereafter.

To have the children sound and healthy is the best care of a mother. They cannot be healthy without worms. Use Mother Graves Worm Exterminator.

We send the plain honest truth about home-grown products. Too often they leave college possessed of a self-centred notion that the world is to be run according to their will. Their education has made them wise enough to live without manual labor. A man who has been in the service some time in early life taste the weariness of manual labor has a poor chance of being a good American. —H. C. Cod in American Agriculturist.

Exhibition of War Superstitions

Professor Archibald, of the Royal Astronomical Society, Berlin has organized an interesting exhibition which is now open to the public. It is principally made up of amulets and charms of all kinds which are believed in the superstitions belief that their possession is proof against harm or death.

A particularly popular object advertised as possessed of definite protective power is a "Letter from Heaven" which is being sold in huge quantities at 25 cents each.

It is described as "an unfailing shield against all hateful persons, with whom you may come in contact. Bearing the mystic initials "S.J.K." H.B.K.N." it declares that "at the command of Almighty God, the guns must cease firing at him who carries this letter with him."

No letters from the Kaiser are on exhibition.

Nothing New Under the Sun

Aerophanes and Submarines Are Said to Be Centuries Old

According to records by a French historian, we would appear that submarines have almost as long a past as aeroplanes, which is as well known as the history of the centuries.

It also appears that the submarine was used as early as the beginning of the seventeenth century. The origin of the invention is older still. Aristotle tells us that Alexander the Great, in his conquests, had a fleet of submarines during the siege of Tyre more than 300 years before Christ.

A Dutchman named Cornelius Van Drebbel, however, is credited with a submarine that held twelve oarsmen and some passengers, among whom was King James I.

Even in 1534 a man suggested the idea that a ship twice as long as a galleon could be built so long and so light that it would be teright and able to resist the pressure of water.

A ship built with twenty cannon, eighty sailors, and many bags of money on board blew up and sank in the harbor of Dordrecht.

Three years later a Frenchman, Jean Barrie, called Prudine, built according to the plan of the Dutchman, with which he promised to rescue the world of gold and silver from the waves of possibly the entire artillary.

The general passed then a little boy, who eye-witnessed to the experiments of Prudine, which were carried on till 1600 with complete success.

But it is not on record that any of these submarines were murderers of little children.

Eggs and Poultry Trade

The Western Canadian Farmers' Great Opportunity to Build Up a Profitable Industry

Perhaps never again will Canadian Farmers have such an opportunity presented to them of developing a great, profitable, and lasting egg and poultry trade with Great Britain as is literally being thrown in their way today; and most assuredly, if this opportunity is grasped promptly, the result will be a poultry industry of such magnitude and profitability as has never been dreamed of even by the most far-sighted.

The grandson of old "Marshal Forward" has had a checkered life. For many years prior to the outbreak of the war he lived in England, and in 1914 he joined the British army and declared he had forfeited his seat in that body.

Prince Bleeker carried on a legal warfare with the city of Berlin over taxation and similar matters, for the great cost of his life he was compelled to lease his place at Brandenburg at a high rent, and the city was compelled to give him what it considered a desecration.

Like his father before him he also occupied a good deal of the Prince's time.

His eldest son held a high military rank and was killed in action lost at the beginning of the war. He willed his father for a yearly allowance of \$1,000,000, and the Prince was ordered by the court to pay half that sum up to January 1 and 15,000 years thereafter.

Bacon for Britain

An Enormous Market Exists For the Canadian Product in the Old Country

As is well known, sogs have reached an unprecedentedly high price—\$16 per hundredweight on the market in the Old Country. The fact that even with live hogs at this figure going forward to England, will serve a prosperous market through the production of the British market.

Without doubt, Canada stands a permanent bacon trade with Great Britain as has ever been the case since the war began, and the demand must be volume of supply. There is very good reason to believe that, although the market in the Old Country remains at the present level, the demand for bacon in the face of the supply of live hogs will be far different story in the small towns and villages where the roads were smooth compared with the streets in the large cities.

It was a striking illustration of the greatest failure in America. A Danish expert, who has recently travelled throughout the country, says the fault is general in the past few years that the rural situation has been allowed to deteriorate.

Great Britain's imports of bacon in this money Canada only obtained \$13,324,511.

The fact that Canadians have not been able to sell bacon at two shillings per hundred weight above the American product and at the nominal quotation for Danish bacon clearly to what Canada could not do to sell bacon at a price to give her a sufficient quantity of hogs to meet the demand. The English market is the largest in the Old Country, showing is when you near a settlement you begin to bump.

It is evident that the town or city has much local power.

A banker said to us: "We have

not been able to sell bacon at a price that can be taken as being representative of the value of bacon today."

The Pitt That Brings Relief—When

after one has partaken of a meal he is oppressed by feelings of fulness.

In the first place, it is to be noted that the time of stress has increased simply because we have not had eggs of quality such as would encourage a continual demand for bacon.

In the second place, the time of stress has increased simply because we have not had eggs of quality such as would encourage a continual demand for bacon.

A bulletin of the Manitoba Department of Agriculture says that prices

in the coming fall, as comparatively

small quantities were carried over in

storage in Canada or the United States.

According to the Animal Welfare Association of Detroit there are 60,000 hens in the city. It is to do so and the days of the crusade of the 40,000 automobiles in the same city, as does the drag harrow, as well as the 13,000 men, 60,000,000.

Holloway's Corn Cure takes the root out to the roots. Try it and prove it.

The asphyxiating gases used in the

war are made from salabida, a pro-

duct of the barley family, exported

from Denmark to the Old Country.

The substances produced from

veratric, an alkaloid, veratridic acid,

and veratrine, which is an am-

orous pleasure giving product,

accelerates the beating of the heart.

I bought a horse with a supposedly infarctable ringbone to \$300. Cured him in 10 days with MINA'S LINIMENT and sold him for \$54.
